Camp Guidelines: (camp size limits)

Most drop camp clients have camps that are comfortable and way under the weight limit listed here; we hope you continue to keep your camp weights down. We and the mules appreciate it.

Here are the **weight limits:**

Party of Two: We can pack up to 500 lbs of camp gear and supplies (4 pack animals loaded with 125 lbs of gear).

Party of Three or more: Add one pack animal (125 lbs) for each additional person.

Example: a party of 5 would be allowed up to 875 pounds.

No single item should weigh more than 70 lbs. 18 gallon totes and ice chests to 54 quarts pack well.
